ADAM®

UK General Catalogue

THE RIGHT BALANCE
Speed, Performance, Value

CONTENTS

Adam Equipment manufactures balances and scales for laboratory, industrial, medical, retail, and education customers worldwide. Founded in the United Kingdom in 1972, Adam has strategically established a network of offices throughout the world to provide a high level of service to its customers everywhere. With facilities in the United Kingdom, United States, South Africa, Australia, Germany and China, Adam maintains a strong global presence.

From its beginnings, Adam has focused on delivering products with the right balance of speed, performance and value. Adam is committed to manufacturing reliable products with proven technology and user-friendly features. The company takes great pride in providing comprehensive, responsive support and assistance to every customer. Adam Equipment UK is ISO 9001-2008 and NMO accredited to certify balances and scales for trade use.

Adam's commitment to ongoing, customer-driven product development ensures that the company will continue to move forward, bringing customers the weighing solutions they need now and in the future.

RS 232	RS-232 Port	M	Approved for Trade

Designed for advanced scientists and researchers, the Eclipse occupies minimal space on the laboratory work bench, yet maintains optimal performance. Its elegant capacitive touch keypad provides highly efficient operation and an increased lifespan of the balance. The smooth surface allows fingerprints and spills to be wiped off easily. Other standard features include solid metal housing, adjustable levelling feet, USB and RS-232 interfaces, and a large backlit LCD.

Nimbus analytical and precision balances offer the best in today's processing technology to deliver results with greater accuracy. Metal housing provides the durability to withstand chemicals, increasing longevity of the balance. With large navigation buttons and dual tare keys, the intuitive keypad is easy to use, so operation requires only minimal training.

Adam Equipment's Highland portable precision balance is well-suited for lab work, field use, classrooms or industrial applications. The Highland's ShockProtect® helps safeguard the balance against damage from overloads or shock loads. Adam's unique HandiCal® internal calibration provides the simplicity of calibrating with built-in mass, and the versatility to calibrate externally using certified masses for traceability.

Compact and durable, the Core is unbeatable for basic weighing tasks. Core's sturdy housing is easy to clean and protects against spills. A basic keypad with dual tare keys makes operation simple. Complete with built-in overload protection, removable draught shield, AC adapter and integrated security slot, the Core provides outstanding value.

The CB compact scale boasts best-in-class performance and value. Its stainless steel pan is easy to clean, while the CB's one-piece housing and sealed keypad help protect internal components from dirt and spills. Overload protection helps prevent damage from excess weight. CB's compact size makes it easy to transport and store. A built-in battery allows operation anywhere, while auto power-off conserves battery life.

The Dune offers all the features needed for quick, reliable weighing in the lab or in the field. Its low-profile design is user-friendly, enabling fast setup and uncomplicated operation using just three buttons: on/off, unit, and tare. The Dune is equipped with a large pan and splashproof keypad to allow easy cleaning. Weighing results are provided in grams, ounces, or pounds.

Sturdy metal housing and a grade 304 stainless steel weighing pan make TBB ideal for classroom use. With a larger body than other triple-beam balances, TBB features innovative tripod legs and an integrated weigh-below hook, simplifying density and specific gravity determination. A security slot for optional Kensington-type lock and cable help deter theft.

Nimbus Balance**

ECLIPSE® ANALYTICAL AND PRECISION BALANCES

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Capacity tracker built into display for easily monitoring possible overloads
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Removable draught shield on models with 0.001g readability helps to reduce errors caused by air currents
- Robust metal housing protects internal components in harsh environments
- Sealed keypad protects against dirt and spills
- USB and RS-232 interfaces provide speedy communication with computers and printers
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- The illuminated capacitive touch keypad provides responsive operation, and its durable, smooth surface can be easily wiped down
- External calibration allows for verification and adjustment with weights
- Multilingual display allows use in many different countries
- Printouts include date and time for data tracking within Good Laboratory Practices (GLP) guidelines
- Security password control prevents unauthorised access
- Selectable digital filtering for animal/dynamic weighing delivers stable results for moving subjects
- AC adapter included

Fully featured series – our most intuitive balance to date

GENERAL SPECIFICATIONS
- Weighing units: g, kg, mg, lb, ct, GN, dr, oz, ozt, dwt, mm, tl.T, tl.H, tl.S, ti, T, custom unit
- Interface: RS-232, USB
- Power Supply: 18VDC 50/60Hz 830mA adapter
- Display: Backlit LCD with capacity tracker with 24mm-high digits
- Calibration: External / Internal calibration
- Housing: Die-cast aluminum
- Operating Temperature: 15° to 35℃

APPLICATIONS
- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Check counting
- Dynamic / animal weighing
- Density determination

WEIGHTS AND DIMENSIONS (Internal Calibration same as External Calibration)
- **EBL 104e, 164e, 214e, 254e, 314e:**
  Net Weight - 5.5kg, Overall Dim. - 220x340x344mm (wxdxh)
- **EBL 223e, 423e, 623e, 823e, 1023e, 1623e:**
  Net Weight - 4.5kg, Overall Dim. - 220x310x270mm (wxdxh)
- **EBL 1602e, 2602e, 3602e, 4602e, 6202e, 4201e, 6201e, 8201e:**
  Net Weight - 4.5kg, Overall Dim. - 220x310x89mm (wxdxh)
- **EBL 12001e, 16001e, 22001e, 32001e:**
  Net Weight - 7.3kg, Overall Dim. - 401x460x102mm (wxdxh)
- **EBL 12001P, 16001P, 22001P, 32001P** (Pillar Attachment)**:**
  Net Weight - 7.5kg, Overall Dim. - 401x500x600mm (wxdxh)

ACCESSORIES

Item number	Description
104008036	Anti-vibration table
1060012713	Density kit for 90mm ø
1060012714	Density kit for 120mm ø and 160mm ø pan
3012313007	Dust cover for 0.1mg balances
3012313008	Dust cover for 0.01g and 0.001g
1120011156	ATP thermal printer
3126011263	ATP thermal printer paper
3126011281	ATP thermal printer paper (pack of 10)
3014011014	RS-232 cable
600002028	Adam DU data collection program
3074010267	USB cable
302126013	Weigh-below hook for 400x300mm pan
3014013041	Security cable
700660290	Calibration certificate

Item number	Description
700100207	E2 1g to 200g calibration weight set
700100232	E2 50g calibration weight
700100022	E2 100g calibration weight
700100023	E2 200g calibration weight
700100007	F1 100g calibration weight
700100012	F1 200g calibration weight
700100008	F1 500g calibration weight

NIMBUS® Analytical and Precision Balances

Analytical Models

Innovative design combined with powerful performance in a premier balance

GENERAL SPECIFICATIONS
- Weighing units: g, mg, kg, ct, GN, N, oz, ozt, dwt, T, custom unit
- Interface: RS-232, USB
- Power Supply: 18VDC 50/60Hz 830mA adapter
- Display: Backlit LCD with 20mm-high digits
- Calibration: External and internal calibration
- Housing: Extruded aluminum base with a die-cast aluminum case
- Operating Temperature: 15° to 35℃

APPLICATIONS
- Weighing
- Parts counting
- Percentage weighing
- Dynamic / animal weighing
- Density determination

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjusting feet ensure proper balance setup for optimum weighing results
- Removable draught shield on models with 0.001g readability helps to reduce errors caused by air currents
- Robust metal housing protects internal components in harsh environments
- Sealed keypad protects against dirt and accidental spills
- USB and RS-232 interfaces provide speedy communication with computers and printers
- Large, grade 304 stainless steel pan allows easy cleaning
- Lockdown device to secure balance
- Handles for safely lifting the balance
- External calibration allows for verification and adjustment with weights
- Printouts include date and time for data tracking within Good Laboratory Practices (GLP) guidelines
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading
- Multilingual display allows use in many different countries
- AC adapter included

WEIGHT AND DIMENSIONS (Internal Calibration same as External Calibration)
- **NBL 84e, NBL 124e, NBL 164e, NBL 214e, NBL 254e:**

HIGHLAND® PORTABLE PRECISION BALANCES

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Balances stack efficiently and safely to save space (120mm pan size only)
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Dual tare keys facilitate operation with either the left or right hand
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Security slot for optional Kensington-type lock and cable to help prevent theft
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- USB interface included for faster data communication
- Solid ABS housing is durable for industrial uses
- Three-point ShockProtect® feature helps prevent overload damage to internal components
- Hook included for weighing below the balance
- Internal calibration eliminates need for external weight set
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Parts counting with preset sample sizes
- Memory accumulation totals results
- Zero-tracking feature ensures display returns to zero reading
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Full of features, the Highland is an exceptional value in precision weighing

GENERAL SPECIFICATIONS

- Weighing units: g, lb, oz, N, GN, ct, dr, dwt, mm, ozt, T, tl.H, tl.S, tl.T
- Interface: RS-232 / USB
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 18mm-high digits
- Calibration: External calibration / Internal manual calibration
- Housing: ABS plastic
- Operating Temperature: 0° to 40°C

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing
- Accumulation of weight

CORE® PORTABLE COMPACT BALANCES

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Balances stack efficiently and safely to save space (120mm pan size only)
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Dual tare keys facilitate operation with either the left or right hand
- Security slot for optional Kensington-type lock and cable to help prevent theft
- Large, grade 304 stainless steel pan allows easy cleaning
- Rugged construction stands up to industrial use
- Three-point ShockProtect® feature helps prevent overload damage to internal components
- Hook included for weighing below the balance
- Auto power-off to save energy
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Zero-tracking feature ensures display returns to zero reading
- Operates with AC adapter (included) or batteries (not included)

The most durable compact balance in its class, the Core is unmatched in value

GENERAL SPECIFICATIONS
- Weighing units: g, kg, lb, oz, N, GN, ct, dr, tl.T
- Power Supply: 12VAC 50/60Hz 150mA adapter / 6 x AA batteries
- Display: Backlit LCD with 18mm-high digits
- Calibration: External calibration
- Housing: ABS plastic
- Operating Temperature: 0° to 40°C

CB COMPACT BALANCES

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Large, grade 304 stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- Sealed keypad protects against dirt and spills
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Auto power-off to save energy
- External calibration allows for verification and adjustment with weights
- Simple operation allows quick startup and use with little or no training
- Zero-tracking feature ensures display returns to zero reading
- Low-battery indicator alerts users when batteries need replacement

Provides features and consistency for portable performance

GENERAL SPECIFICATIONS

- Weighing units: g, lb, oz
- Power Supply: 2 x AA batteries / Optional 6VDC 200mA adapter
- Display: LCD with 12mm-high digits
- Calibration: External calibration
- Housing: ABS plastic
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability	Pan Size
CB 501	500g	0.1g	130mm ø
CB 1001	1000g	0.1g	130mm ø
CB 3000	3000g	1g	130mm ø

APPLICATIONS

- Weighing

WEIGHT AND DIMENSIONS

- Net Weight - 0.4kg, Overall Dim. - 160x205x45mm (wxdxh)

ACCESSORIES

Item number	Description
700400120	6VDC 200mA adapter
700230015	In-use cover
700660290	Calibration certificate
700100060	M1 500g calibration weight (CB 501)
700100029	M1 1kg calibration weight (CB 1001)

DUNE® PORTABLE COMPACT BALANCES

FEATURES

- High-contrast display is easily visible from a distance
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Lightweight design simplifies transport and portability
- Overload protection helps prevent damage to internal components
- Sealed keypad protects against dirt and accidental spills
- Large platform removes easily for speedy cleaning
- Auto power-off to save energy
- External calibration allows for verification and adjustment with weights
- Zero-tracking feature ensures display returns to zero reading
- Operates with AC adapter (included) or batteries (not included)

Streamlined design for basic weighing in the lab, classroom or field

GENERAL SPECIFICATIONS

- Weighing units: g, oz
- Power Supply: 12VAC 50/60Hz 150mA adapter / 6 x AA batteries
- Display: LCD with 15mm-high digits
- Calibration: External calibration
- Housing: ABS plastic
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability	Pan Size
DCT 201	200g	0.1g	145x145mm
DCT 2000	2000g	1g	145x145mm
DCT 5000	5000g	2g	145x145mm

APPLICATIONS

- Weighing

WEIGHT AND DIMENSIONS

- Net Weight - 0.5kg, Overall Dim. - 147x208x40mm (wxdxh)

ACCESSORIES

Item number	Description
700660290	Calibration certificate
700100072	M1 200g calibration weight (DCT 201)
700100030	M1 2kg calibration weight (DCT 2000)

TBB Triple-Beam Balances

FEATURES
- Optional hook enables below-balance weighing
- Security slot for optional Kensington-type lock and cable to help prevent theft
- Large, grade 304 stainless steel pan allows easy cleaning
- Magnetic damping slows pointer movement for faster readings
- Notched, tiered, graduated beams ensure positive positioning and accurate reading of results
- Storing space for weights included
- The TBB 2610T is equipped with a 225g tare range

A reliable, classic balance for performing mass measurement

GENERAL SPECIFICATIONS
- Weighing units: g
- Display: Graduated beam
- Calibration: External calibration
- Housing: Die-cast aluminum

Model	Capacity	Readability	Pan Size
TBB 2610S	2610g	0.1g	152mm ø
TBB 2610T	2610g	0.1g	152mm ø

APPLICATIONS
- Weighing

WEIGHT AND DIMENSIONS
- Net Weight - 2.7kg, Overall Dim. - 550x110x160mm (wxdxh)

ACCESSORIES

Item number	Description
700100046	Kensington-type lock and cable
700660290	Calibration certificate

700100046

With simple operation and quick response time, Adam Equipment's PMB moisture analyser is top in its class for value. PMB sets a new standard for collecting and recording data, with USB and RS-232 interfaces to provide speedy connectivity. A second USB port allows storage of test programs and data on a flash drive. The PMB's automatic test-setting function enables easy recall for frequent testing of the same items without additional user programming.

Featured Product:
PMB Analyser

PMB MOISTURE ANALYSER

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Scratch-resistant aluminum housing protects internal components
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Pan lifter allows easy placement and removal of samples
- RS-232 interface for connection to computers and printers
- USB host for memory card and USB I/O interface
- USB interface included for faster data communication
- Temperature range 50°C to 160°C in one-degree increments
- Three settings for heating sample include ramp-up, stepped temperatures and single temperature
- Seven preset drying modes allow test routines for several products
- Audible overload alarm warns when capacity has been exceeded
- Testing can be set to start automatically when lid closes
- Calibration for temperature and weight
- Multilingual display allows use in many different countries
- Quick and easy configuration using the keypad
- Zero-tracking feature ensures display returns to zero reading
- Internal memory stores 49 different receipes and up to 99 test results, and additional test results and settings can be stored on a flash drive
- Mains power cord

Superior connectivity in a moisture analyser, with two USB ports for data collection and computer or printer communications

GENERAL SPECIFICATIONS
- Weighing units: g, %M, %S, ATRO %M, ATRO %S
- Interface: RS-232 / USB
- Power Supply: Mains power cord
- Display: Backlit LCD with 24mm-high digits
- Calibration: External calibration
- Housing: Die-cast aluminum
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability	Pan Size
PMB 53	50g	0.001g / 0.01%	100mm ø
PMB 202	200g	0.01g / 0.05%	100mm ø

APPLICATIONS
- Weighing
- Moisture determination

WEIGHT AND DIMENSIONS
- Net Weight - 6kg, Overall Dim. - 250x360x185mm (wxdxh)

1120011156

1070010636

307140001

The all stainless steel Astro provides accurate measurements for weighing small objects or ingredients in a variety of industries. The durable construction of the Astro is splash proof and can quickly be wiped down. A large LCD shows results in green during normal weighing. If the scale is overloaded or is not set on a level surface, readings will be shown in red, clearly notifying the user that they are not receiving precise results. Astro comes with an AC adapter but can be powered by battery for applications that require a portable weighing solution.

Lightweight and portable, the LBK is a winning value for factories, warehouses, labs and offices. Cleaning is simple with the removable stainless steel pan and sealed keypad, while a large, backlit display makes it easy to view the weight. For speedy operation, colour-coded keys highlight frequently used functions.

Reliability and durable construction make the CBK unmatched in value for industrial weighing. Fully featured and easy to use, the CBK tackles a variety of applications, including parts counting, percentage weighing, check counting and accumulation. Checkweighing is simplified with LED limit indicators, while the built-in memory stores limits for up to 10 samples.

Adam Equipment's CPWplus bench and floor scales provide valuable features and various configurations to meet the demands of many industrial operations. With simple operation, rugged construction and an easy-to-clean stainless steel pan, the CPWplus offers exceptional value for warehouse, manufacturing, and shipping and receiving tasks.

Designed for demanding industrial use, GBK and GBK-M scales are durable and consistently deliver fast readings. The GBK provides a sturdy type 304 stainless steel pan and non-slip rubber feet to ensure stability in any location. Other features include overload protection and a large, easy-to-read backlit LCD. The GBK-M version is approved and suitable for use on products sold by weight.

With easy operation and reliable performance, the ABK is well-suited for demanding industrial use. The type 304 stainless steel pan and indicator offer protection against dust and water, ensuring longevity. ABK features a large, backlit display and checkweighing limit lights to streamline shipping tasks and reduce data entry errors.

GFK scales feature large platforms, high capacities and robust construction, making them ideal for heavy-duty industrial tasks. Equipped with non-slip rubber feet, overload protection, and a type 304 stainless steel pan, GFK brings durability and outstanding value to manufacturing environments. The GFK-M version is approved and suitable for use on products sold by weight.

Sturdy and reliable, AFK scales offer a dependable weighing solution for many industrial applications. To ensure longevity, a type 304 stainless steel indicator boasts superior sealing against dust and water. The backlit display is easy to read, streamlining shipping and receiving tasks and helping prevent data entry errors. Checkweighing is simple, as colour indicators show if the weight is under, over, or within preset limits.

Featured Product:
ABK Bench Weighing Scale

ASTRO® Compact Scales

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Adjustable levelling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Rugged stainless steel housing for ultimate durability
- Sealed keypad protects against dirt and spills
- Splash-proof housing, keypad and display mean easy cleaning
- Auto power-off to save energy
- External calibration allows for verification and adjustment with weights
- Operates with AC adapter (included) or batteries (not included)
- Low-battery indicator alerts users when batteries need replacement

Sleekly designed, the compact Astro is easy to clean between weighing tasks

GENERAL SPECIFICATIONS

- Capacity: 2000g to 8000g
- Readability: 0.1g to 1g
- Weighing units: g, kg, lb, lb:oz, oz
- Power Supply: 6VDC 500mA adapter / 2 x AAA batteries
- Display: LCD with 18mm-high digits
- Calibration: External calibration
- Housing: Stainless steel
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability	Pan Size
ASC 2001	2000g	0.1g	160x180mm
ASC 4001	4000g	0.5g	160x180mm
ASC 8000	8000g	1g	160x180mm

APPLICATIONS

- Weighing

WEIGHT AND DIMENSIONS

- Net Weight - .85kg, Overall Dim. - 212x167x66mm (wxdxh)

LBK Weighing Scales

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Large, grade 304 stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- Splash-proof housing, keypad and display mean easy cleaning and peace of mind
- Solid ABS housing is durable for industrial uses
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Parts counting with preset sample sizes
- Zero-tracking feature ensures display returns to zero reading
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

The LBK provides the best value for quick, basic weighing

GENERAL SPECIFICATIONS

- Weighing units: g, kg, lb, lb:oz, oz
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with 24mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / Stainless Steel Top Pan
- Operating Temperature: 0° to 40°C

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing

WEIGHT AND DIMENSIONS

- Net Weight - 1.8kg, Overall Dim. - 250x307x110mm (wxdxh)

CBK BENCH CHECKWEIGHING SCALES

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Capacity tracker built into display for easily monitoring possible overloads
- Checkweighing LEDs light to clearly show under, over and acceptable limits
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- Optional USB interface simplifies data communication
- Rugged construction stands up to industrial use
- Sealed keypad protects against dirt and spills
- Overload protection helps prevent damage to internal components
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Memory accumulation totals results
- Preset tare function speeds the process of repetitive weighing
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Programmable for counting to a preset number of parts
- Printouts include date and time for data tracking within Good Laboratory Practices (GLP) guidelines
- Simple operation allows quick startup and use with little or no training
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Powerful choice for reliability in industrial weighing and counting

GENERAL SPECIFICATIONS
- Weighing units: g, kg, lb, lb:oz, oz

CPW*PLUS* Weighing Scales

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Large, grade 304 stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- Rugged construction stands up to industrial use
- Splash-proof housing, keypad and display mean easy cleaning
- Wall-mount bracket for placing indicator on vertical surface
- Auto power-off to save energy
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to lapse without losing the result
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading

The most flexible series of scales, offering multiple configurations to suit a variety of applications

GENERAL SPECIFICATIONS

- Weighing units: kg, lb, lb:oz, oz
- Interface: RS-232
- Power Supply: 12VDC 50/60Hz 150mA adapter / 6 x AA batteries (300x300mm model only)
- Power Supply: 12VDC 50/60Hz 500mA adapter / Internal Rechargeable Battery (M & L models only)
- Display: Backlit LCD with 22mm-high digits
- Calibration: External calibration
- Housing: Mild steel base / Stainless Steel Top Pan
- Operating Temperature: 0° to 40°C

APPLICATIONS

- Weighing
- Display hold

GFK Floor Checkweighing Scales

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Checkweighing LEDs light to clearly show under, over and acceptable limits
- Adjustable leveling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- Sealed keypad protects against dirt and accidental spills
- Audible overload alarm warns when capacity has been exceeded
- Checkweighing with audible alarm
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Preset tare function speeds the process of repetitive weighing
- Programmable for counting to a preset number of parts
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Industrial scale's proven strength brings large-scale benefits

GENERAL SPECIFICATIONS

- Weighing units: g, kg
- Interface: RS-232, Optional USB
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with 20mm-high digits
- Calibration: External calibration
- Housing: Die-cast aluminum / Stainless Steel Top Pan
- Operating Temperature: -10° to 40°C

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Check counting
- Dynamic / animal weighing

WEIGHT AND DIMENSIONS

- Net Weight - 12.5kg, Overall Dim.- 400x620x860mm (wxdxh)
- **GFK 600:** Net Weight - 25.5kg, Overall Dim.- 600x940x900mm (wxdxh)

Model	Capacity	Readability	Pan Size

AFK Floor Weighing Scales

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Capacity tracker built into display for easily monitoring possible overloads
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Checkweighing LEDs light to clearly show under, over and acceptable limits
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Heavy-duty rubber feet ensure stability of unit
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- Rugged construction stands up to industrial use
- Sealed keypad protects against dirt and spills
- Wall-mount bracket for placing indicator on vertical surface
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Parts counting with preset sample sizes
- Simple operation allows quick startup and use with little or no training
- Zero-tracking feature ensures display returns to zero reading
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Extra-large pan for weighing oversized items or counting large quantities

GENERAL SPECIFICATIONS
- Weighing units: g, kg, lb, lb:oz, oz, N
- Interface: RS-232
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 40mm-high digits
- Calibration: External calibration
- Housing: Stainless steel indicator with die-cast aluminum base
- Operating Temperature: -10° to 40°C

COUNTING SCALES

Created to accommodate most counting needs, the CBC offers features to tally a wide range of parts in industrial and manufacturing operations. The CBC is lightweight and portable, simplifying the scale's transport between locations during inventory. Intuitive software tracks the count and automatically optimises unit weight for greater accuracy.

The CBD features the ability to connect to an optional larger remote base, making it easy to count large numbers of items in oversized containers. Users can quickly switch between weighing on the built-in pan or an auxiliary platform. Freely selectable sample size is available using the numeric keypad, and the backlit display provides visibility in any lighting conditions.

Designed for rugged industrial counting tasks, the GBC boasts a combination of durability and valuable features. This hardy scale contains a numeric keypad for unit weight and sample entry, while a backlit display shows total weight, unit weight and number of pieces. Other features include overload protection, a grade 304 stainless steel pan and non-slip rubber feet.

With the ability to handle capacities up to 300kg, the GFC floor counting scale is well-suited for heavy-duty industrial settings. A numeric keypad facilitates unit weight and sample entry, while the easy-to-read backlit display shows total weight, unit weight, and number of pieces. Features such as overload protection, sturdy non-slip rubber feet and a grade 304 stainless steel pan give GFC the durability to withstand any counting task.

Featured Product:
GBC Counting Scale

CBC BENCH COUNTING SCALES

FEATURES
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Backlit LCD shows weight, unit weight and count in one convenient location
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjusting feet ensure proper balance setup for optimum weighing results
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- Optional USB interface simplifies data communication
- Solid ABS housing is durable for industrial uses
- Auto power-off to save energy
- Parts counting with freely selectable sample sizes
- Internal counting resolution 1:600,000 for precision results
- Memory accumulation totals results
- Preset tare function speeds the process of repetitive weighing
- Zero-tracking feature ensures display returns to zero reading
- User can program alarm to sound when preset total is reached
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

With three easy-to-read displays, CBC speeds up counting and check counting tasks

GENERAL SPECIFICATIONS
- Weighing units: g, kg
- Interface: RS-232, Optional USB
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with 20mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / Stainless Steel Top Pan
- Operating Temperature: 0° to 40°C

APPLICATIONS
- Parts counting
- Check counting
- Weighing
- Accumulation of weight

CBD BENCH COUNTING SCALES

FEATURES
- Backlit LCD shows weight, unit weight and count in one convenient location
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Level indicator and adjustable feet ensure proper balance setup for optimum weighing results
- Large, grade 304 stainless steel pan allows easy cleaning
- RS-232 interface for connection to computers and printers
- Optional USB interface simplifies data communication
- Overload protection helps prevent damage to internal components
- Rugged construction stands up to industrial use
- Supports connection to platforms with up to four load cells
- External calibration allows for verification and adjustment with weights
- Memory accumulation totals results
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Preset tare function speeds the process of repetitive weighing
- Product Look Up (PLU) memory locations store up to 100 items for recall as needed
- Programmable for counting to a preset number of parts
- Quick and easy configuration using the keypad
- Security password control prevents unauthorised access
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading
- User can program alarm to sound when preset total is reached
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Expedite complex, high-volume counting tasks

Featured Product:
Warrior® Washdown Scale
The Warrior is well-suited for food processing or production, making it ideal for washdown applications. Its grade 304 stainless steel base, top pan, pillar and indicator are IP66 rated, so the Warrior can be thoroughly washed during or after use. The oversized display is brightly illuminated and easy to read in any lighting conditions.

Designed for applications needing frequent washdown, WBW and WBW-M scales are available in a selection of capacities and readabilities. IP66-rated housing and stainless steel pan stand up to demanding industrial environments. Other features include checkweighing LED indicators, capacity tracker and overload indicator to protect against damage from excessive weight.

WARRIOR® WASHDOWN SCALES

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Checkweighing LEDs light to clearly show under, over and acceptable limits
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Heavy-duty rubber feet ensure stability of unit
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Rugged stainless steel construction for ultimate durability
- Sealed keypad protects against dirt and spills
- Simple key operation allows for easy set up and operation
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Parts counting with preset sample sizes
- Selectable digital filtering for animal/dynamic weighing delivers stable results for moving subjects
- Selectable auto-clear function enables the last item to be reset each time the scale returns to zero
- Zero-tracking feature ensures display returns to zero reading
- IP66 rated for protection against water and dust
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy
- AC adapter included

With strength, performance and intuitive features, the Warrior emerges victorious in washdown settings

303147959 / 303147960 / 3031479601

A smart choice for catering, delis and bakeries that sell food based on weight, the WBZ washdown retail scale simplifies price computing. Weight, price per unit and total cost are visible to both operator and customer on WBZ's dual display. Easy to maintain, the WBZ has a streamlined design and fits neatly on crowded counters. It carries an IP66 rating and features NRCS and EC type approvals, making it suitable for trade use.

The AZextra retail scale offers weighing and price computing functions needed for meat counters, shops and markets. AZextra comes with internal memory capable of storing up to 103 product look-ups; the display shows price per kilogram or price per 100 grams. Time, date, weight, unit price and total cost transmit easily to printers. National Measurement Institute, NRCS and EC type approval means the AZextra can be used for trade.

Simple to use, Raven price computing scales offer 40 PLU memories that can be accessed directly from the keypad for quick recall of products. Large backlit displays on both the front and back of the scale, clearly show both the operator and customer the weight, unit price and total price. A customer-facing, pillar-mounted display can be added for additional visibility. The built-in, rechargeable battery makes the Raven ideal for applications such as selling at farmer's markets, where portability is a must.

The CCEU coin counting scale handles a large number of coins, providing accurate counts for nine different coins and two different token weights. The memory accumulates figures to show a total amount. Easy-to-use colour-coded keys speed up operation, while the large stainless steel platform accommodates a range of container sizes.

**Featured Product:
WBZ Retail Scale**

WBZ WASHDOWN RETAIL SCALES

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Backlit LCD shows weight, unit price and total price, to provide the key information simultaneously
- Rear display mounted on the back of the scale lets customers see key data
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Heavy-duty rubber feet ensure stability of unit
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Sealed keypad protects against dirt and accidental spills
- Solid ABS housing is durable for industrial uses
- External calibration allows for verification and adjustment with weights
- Preset tare function speeds the process of repetitive weighing
- Price displayed in choice of available currencies
- Security password control prevents unauthorised access
- Selectable auto-clear function enables the last item to be reset each time the scale returns to zero
- Switchable between price per kg and price per 100g
- Zero-tracking feature ensures display returns to zero reading
- IP66 rated for protection against water and dust
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Portable and durable IP66-rated scale is a winner for price computing in retail locations

GENERAL SPECIFICATIONS

- Weighing units: kg
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 16mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / Stainless Steel Top Pan
- Operating Temperature: -10° to 40°C

Model	Capacity	Readability	Pan Size
WBZ 3	3kg	1g	210x173mm
WBZ 6	6kg	2g	210x173mm
WBZ 15	15kg	5g	210x173mm

APPLICATIONS

- Weighing
- Price computing

AZEXTRA Price-Computing Retail Scales

FEATURES

- Backlit LCD shows weight, unit price and total price, to provide the key information simultaneously
- Rear display mounted on a pillar or back of the scale lets customers see key data
- Adjustable levelling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Large, grade 304 stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- RS-232 interface for connection to computers and printers
- Solid ABS housing is durable for industrial uses
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Memory accumulation totals results
- Multilingual display allows use in many different countries
- Preset tare function speeds the process of repetitive weighing
- Product Look Up (PLU) memory locations store a range of items for recall as needed
- Selectable auto-clear function enables the last item to be reset each time the scale returns to zero
- Zero-tracking feature ensures display returns to zero reading
- EC type approved
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Front and rear displays provide simultaneous customer and operator viewing

GENERAL SPECIFICATIONS

- Weighing units: kg
- Interface: RS-232
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with 20mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / Stainless Steel Top Pan
- Operating Temperature: -10° to 40°C

APPLICATIONS

- Weighing
- Price computing

RAVEN® PRICE-COMPUTING RETAIL SCALES

FEATURES
- Backlit LCD shows weight, unit price and total price, to provide the key information simultaneously
- Rear display mounted on the back of the scale lets customers see key data
- Adjustable levelling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Lightweight design simplifies transport and portability
- Large, grade 304 stainless steel pan allows easy cleaning
- Overload protection helps prevent damage to internal components
- Solid ABS housing is durable for industrial uses
- Product Look Up (PLU) memory locations store a range of items for recall as needed
- Quick and easy configuration using the keypad
- The auto power-off feature conserves battery life
- Auto-clear function
- Preset tare function speeds the process of repetitive weighing
- EC type and OIML approved
- AC adapter included
- Programmable auto power-off to save energy
- Rechargeable battery included for operation almost anywhere

Raven offers price computing and weighing functions, in a small footprint scale

GENERAL SPECIFICATIONS
- Weighing units: kg
- Power Supply: 12VDC 50/60Hz 1A adapter / Internal rechargeable battery
- Display: Backlit LCD with 18mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / stainless steel top pan
- Operating Temperature: -10° to 40°C

CCEU Coin Counting Scale

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Security password control
- Memory accumulation totals coin values
- Accommodates nine different coin units and two different token sizes
- Adjustable levelling feet help optimise setup
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Large, grade 304 stainless steel pan allows easy cleaning
- Lightweight design simplifies transport and portability
- RS-232 interface for connection to computers and printers
- Audible overload alarm warns when capacity has been exceeded
- External calibration allows for verification and adjustment with weights
- Zero-tracking feature ensures display returns to zero reading
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy
- Counts Euros or sterling coins, but can be configured for other currencies as well

Dependable and efficient coin counting, providing quality assurance

GENERAL SPECIFICATIONS
- Weighing units: kg, PCS
- Interface: RS-232, Optional USB
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with 20mm-high digits
- Calibration: External calibration
- Housing: ABS plastic / Stainless Steel Top Pan
- Operating Temperature: 0° to 40°C

Featured Product:
LHS Crane Scale

Adam's industrial hanging scales provide manufacturing operations with a solution to safely measure suspended loads. IHS features robust die-cast metal housing and a rotating plated steel hook with oversized shackle to help manoeuvre loads indoors or outdoors up to 10,000kg. The remote control enables operation from a safe location, and the LED is highly visible from a distance. A hold / peak hold function keeps the results on the display for easier operation.

Adam's industrial hanging scales provide manufacturing operations with a solution to safely measure suspended loads. LHS features cast aluminum magnesium housing and a rotating chrome-plated steel hook and swivel shackle to help the operator easily manoeuvre loads up to 2,000kg. The remote control enables operation from a safe location, and the LED is highly visible from a distance. A hold / peak hold function keeps the results on the display for easier operation.

Adam's industrial hanging scales provide manufacturing operations with a solution to safely measure suspended loads. SHS features sturdy polycarbonate housing and a rotating chrome-plated steel hook and swivel shackle to help the operator easily manoeuvre loads up to 300kg. The remote control enables operation from a safe location, and the LED is highly visible from a distance. A hold / peak hold function keeps the results on the display for easier operation.

SHS CRANE SCALES

FEATURES
- Bright LED display for easy viewing in most environments
- Rotating hook allows easy access while loading, then safely locks in place during weighing
- Lightweight design simplifies transport and portability
- Rugged construction stands up to industrial use
- Remote control allows safe, hands-free operation
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to lapse without losing the result
- Zero-tracking feature ensures display returns to zero reading
- Programmable auto power-off to save energy

Bringing strength and safety to the forefront of industrial settings

GENERAL SPECIFICATIONS
- Weighing units: kg, lb, N
- Power Supply: AC adapter / 4 x AA batteries / Internal rechargeable battery
- Display: LED with 15mm-high digits
- Calibration: External calibration
- Housing: Polycarbonate
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability
SHS 50	50kg	0.01kg
SHS 150	150kg	0.02kg
SHS 300	300kg	0.05kg

APPLICATIONS
- Weighing

WEIGHT AND DIMENSIONS
- Net Weight - 1.2kg, Overall Dim. - 146x65x320mm (wxdxh)

Adam Equipment Co. Ltd., its directors, staff, owners and affiliated companies and organisations cannot be held liable for any resulting damage or injury sustained as a result of the machines being used in excess of their capacities and ultimate overload limits.

ACCESSORIES
Item number	Description
700660290	Calibration certificate

LHS CRANE SCALES

FEATURES
- Bright LED display for easy viewing in most environments
- Rotating hook allows easy access while loading, then safely locks in place during weighing
- Lightweight design simplifies transport and portability
- Remote control allows safe, hands-free operation
- Rugged construction stands up to industrial use
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to lapse without losing the result
- Zero-tracking feature ensures display returns to zero reading
- Programmable auto power-off to save energy

Suitable for weighing moderate loads, LHS delivers durability in a hanging scale

GENERAL SPECIFICATIONS
- Weighing units: kg, lb, N
- Power Supply: AC adapter / Internal rechargeable battery
- Display: LED with 25mm-high digits
- Calibration: External calibration
- Housing: Die-cast aluminum
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability
LHS 500	500kg	0.1kg
LHS 1500	1500kg	0.2kg
LHS 2000	2000kg	0.5kg

700660288	Calibration certificate (IHS, LHS, AFK 600, GFK 600, PTM)

IHS CRANE SCALES

FEATURES

- Bright LED display for easy viewing in most environments
- Rotating hook allows easy access while loading, then safely locks in place during weighing
- Remote control allows safe, hands-free operation
- Sealed keypad protects against dirt and accidental spills
- Solid metal housing resists spills and protects internal components
- Auto power-off to save energy
- Rechargeable battery included for operation almost anywhere
- AC adapter included

When strength and safety are essential, IHS is the overwhelming winner to weigh suspended loads

GENERAL SPECIFICATIONS

- Weighing units: kg
- Power Supply: 7.2VDC 50/60Hz 2A adapter / Internal rechargeable battery
- Display: LED with 30mm-high digits
- Calibration: External calibration
- Housing: Die-cast aluminum
- Operating Temperature: 0° to 40°C

Model	Capacity	Readability
IHS 1	1000kg	0.2kg
IHS 3	3000kg	0.5kg
IHS 5	5000kg	1kg
IHS 10	10000kg	2kg

APPLICATIONS

- Weighing

WEIGHT AND DIMENSIONS

- IHS 1: Net Weight - 12kg, Overall Dim. - 255x190x550mm (wxdxh)
- IHS 3: Net Weight - 14kg, Overall Dim. - 255x190x550mm (wxdxh)
- IHS 5: Net Weight - 19kg, Overall Dim. - 255x190x650mm (wxdxh)
- IHS 10: Net Weight - 31kg, Overall Dim. - 255x190x750mm (wxdxh)

Adam Equipment Co. Ltd., its directors, staff, owners and affiliated companies and organisations cannot be held liable for any resulting damage or injury sustained as a result of the machines being used in excess of their capacities and ultimate overload limits.

ACCESSORIES

| Item number	Description
700660288	Calibration certificate (IHS, LHS, AFK 600, GFK 600, PTM)

AELP pallet beams are ideal for weighing pallets and other oversized items. The AELP is simple to operate and easy to move, with built-in wheels and handles for mobility. Pair the AELP with the GK indicator for a range of different features. The AELP is equipped with five meters of shielded cable, allowing the indicator and beams to be ideally positioned.

The PTM low-profile platform is ideal for weighing barrels, wheelchairs, drums and other oversized containers. Easy-access ramps on both sides offer smooth transitions from the floor to the weighing platform and the diamond checkered-plate surface offers a steady, solid weighing area. Handles and wheels allow the PTM to be moved easily.

Compatible with several Adam indicators, PT platform is designed for weighing pallets, crates and large containers in warehouses or on loading docks. PT features a low-profile design for easy access and a diamond-plate surface for better traction, while optional ramps facilitate loading and unloading. PT is available in several models, including a stainless steel version.

TThe PTS offers an easy and cost-efficient way to manage, move and weigh heavy loads. Reinforced steel pallet forks are generously sized and provide durable lifting capabilities. A zero-radius pivoting handle provides exceptional maneuverability in tight spots, while non-marring polyurethane wheels ensure floors stay clean and unmarked.

AELP Pallet Beams
FEATURES
- Low-profile beams allow easy pallet weighing using pallet trucks
- Approximately five meter of shielded cable
- Heavy-duty rubber feet ensure stability of unit
- Integrated wheels permit easy movement
- Can be used with one of several Adam indicators
- Two beams per set
- OIML-approved load cells

Low-profile beams facilitate safe, secure weighing for loaded pallets

GENERAL SPECIFICATIONS
- Housing: Mild steel base
- Operating Temperature: -10° to 40°C

APPLICATIONS
- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Check counting
- Dynamic / animal weighing

WEIGHT AND DIMENSIONS (Beams only)
- Net Weight - 34kg, Overall Dim. - 120x1330x85mm (wxdxh)

PTS PALLET TRUCK SCALE

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Checkweighing LEDs light to clearly show under, over and acceptable limits
- Solid non-marring polyurethane wheels
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- RS-232 interface for connection to computers and printers
- Splash-proof housing, keypad and display mean easy cleaning
- Wheels swivel, allowing easy movement
- Audible overload alarm warns when capacity has been exceeded
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Parts counting with preset sample sizes
- Auto-clear function enables the last item to be reset each time the scale returns to zero
- Selectable digital filtering for animal/dynamic weighing delivers stable results for moving subjects
- Zero-tracking feature ensures display returns to zero reading
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy
- AC adapter included

Speed up warehouse operations and reduce transportation overcharges with the PTS

GENERAL SPECIFICATIONS
- Weighing units: kg, lb, lb:oz, oz, N
- Interface: RS-232
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 40mm-high digits
- Calibration: External calibration
- Housing: Mild steel base
- Operating Temperature: -10° to 40°C

INDICATORS

Featured Product:
AE402 Indicator

The AE402 boasts washdown capabilities and is well-suited for food processing plants or shipping and receiving areas. The sealed stainless steel housing is IP66 rated, so it can be hosed down or pressure-washed after use. A large LCD offers 40mm-high digits that are easily viewed under any lighting conditions, reducing user error.

The GK provides a full numeric keypad, allowing users to preset tare values for repetitive weighing of identical containers. A capacity tracker shows how much weighing range remains. Coloured LEDs speed up checkweighing, indicating if the weight is over, under or within a specified range.

With a wide range of features, the GC is ideal for parts counting tasks. Its numeric keypad facilitates unit weight and sample entry, while a large backlit display shows unit weight, total weight and number of pieces. The GC accumulates count totals and alerts the user when a predetermined count is reached.

46

AE 402 INDICATORS

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Capacity tracker built into display for easily monitoring possible overloads
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Robust metal housing protects internal components in harsh environments
- Rugged construction stands up to industrial use
- RS-232 interface for connection to computers and printers
- Wall-mount bracket for placing indicator on vertical surface
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Hold function freezes the displayed weight, allowing time to lapse without losing the result
- Parts counting with preset sample sizes
- Quick and easy configuration using the keypad
- Selectable digital filtering for animal/dynamic weighing delivers stable results for moving subjects
- User-selectable scale division
- Zero-tracking feature ensures display returns to zero reading
- IP66-rated for protection against water and dust
- AC adapter included
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Multi-function washdown indicator for demanding environments

GENERAL SPECIFICATIONS

- Weighing units: g, kg, lb, lb:oz, oz, N
- Interface: RS-232
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 40mm-high digits
- Calibration: External calibration
- Housing: Stainless steel
- Operating Temperature: 0° to 40°C

Model	Capacity Range	Resolution
AE 402	Selectable	1:80,000

APPLICATIONS

- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Dynamic / animal weighing

WEIGHT AND DIMENSIONS

- AE 402: Net Weight - 2kg, Overall Dim. - 240x145x95mm (wxdxh)

GK & GK-M INDICATORS

FEATURES

- Vivid, backlit LCD easily visible in any lighting conditions
- Programmable backlight can be set to "always on," "always off" or "light only when weighing"
- Capacity tracker built into display for easily monitoring possible overloads
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- RS-232 interface for connection to computers and printers
- Solid ABS housing is durable for industrial uses
- Splash-proof housing, keypad and display mean easy cleaning and peace of mind
- Wall-mount bracket for placing indicator on vertical surface
- Checkweighing with audible alarm
- External calibration allows for verification and adjustment with weights
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Preset tare function speeds the process of repetitive weighing
- Printouts include date and time for data tracking within Good Laboratory Practices (GLP) guidelines
- Programmable capacity and readability for a variety of applications
- Quick and easy configuration using the keypad
- Selectable digital filtering for animal/dynamic weighing delivers stable results for moving subjects
- Zero-tracking feature ensures display returns to zero reading
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Weighing and counting tasks accomplished with simple versatility

GENERAL SPECIFICATIONS

- Capacity: Selectable
- Weighing units: g, kg
- Interface: RS-232, Optional USB
- Power Supply: Mains power cord / Internal rechargeable battery
- Display: Backlit LCD with capacity tracker with 20mm-high digits
- Calibration: External calibration
- Housing: ABS plastic
- Operating Temperature: -10° to 40°C

Model	Capacity Range	Resolution
GK	Selectable	1:80,000

Approved Models EC Type Approved

Model	Capacity Range	Resolution

GC Counting Indicator

FEATURES
- Backlit LCD shows weight, unit weight and count in one convenient location
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Lightweight design simplifies transport and portability
- RS-232 interface for connection to computers and printers
- Solid ABS housing is durable for industrial uses
- Wall-mount bracket for placing indicator on vertical surface
- Audible overload alarm warns when capacity has been exceeded
- Internal counting resolution 1:600,000 for precise results
- Parts counting with freely selectable sample sizes
- Parts counting optimisation automatically refines piece weight as parts are added
- Preset tare function speeds the process of repetitive weighing
- Printouts include date and time for data tracking within Good Laboratory Practices (GLP) guidelines
- Selectable digital filtering helps minimise effects of vibration and disturbances
- Zero-tracking feature ensures display returns to zero reading
- User can program alarm to sound when preset total is reached
- Rechargeable battery included for operation almost anywhere
- Programmable auto power-off to save energy

Fundamental weighing and counting in a multi-functional indicator

GENERAL SPECIFICATIONS
- Capacity: Selectable
- Weighing units: g, kg
- Interface: RS-232
- Power Supply: Power Cord / Internal rechargeable battery
- Display: Backlit LCD with 20mm-high digits

1120011156

HEALTH AND FITNESS SCALES

Lightweight and portable, the MTB offers versatility for pediatricians and other healthcare providers. The cleverly designed ergonomic cradle provides comfortable support for babies, and removes easily to reveal a non-slip rubber mat underneath to weigh toddlers. A memory feature retains the last weight taken, allowing focus to remain on the child.

Rugged and affordable, MDW scales are ideal for healthcare or fitness facilities. All MDW scales feature adjustable height rods for precise readings. MDW 300L is digital and calculates BMI, with wheels for mobility. MDW 250L is digital with built-in battery. MDW 160M is mechanical with wheels and notched counter weight.

The elegant and durable MUW 300L ultrasonic scale calculates height, weight and BMI (body mass index). This scale simplifies data collection and outputs patient and physician identification information without breaching confidentiality. The backlit LCD shows height, weight and BMI on one screen, eliminating the need to scroll through readings.

The MCW 300L chair scale from Adam Equipment provides an affordable and practical solution to address the challenge of weighing patients with limited mobility. The MCW combines sturdy construction with functionality, minimizing the difficulty of lifting patients and eliminating the need to move heavy health scales. Weight is measured in kilograms or pounds and the MCW 300L can calculate body mass index (BMI).

MTB Baby and Toddler Scale

FEATURES
- High-contrast display is easily visible from a distance
- Memory feature can recall the last weight taken, allowing the user to focus on the child
- Cradle can be removed to weigh toddlers on the non-slip rubber mat
- Ergonomic cradle provides comfortable support
- Lightweight design simplifies transport and portability
- Auto power-off to save energy
- External calibration allows for verification and adjustment with weights
- Simple operation allows quick startup and use with little or no training
- Operates with AC adapter (included) or batteries (not included)
- Ruler for measuring length of baby

Offering the flexibility to weigh newborns and toddlers on the same scale

GENERAL SPECIFICATIONS
- Weighing units: kg, lb, lb:oz
- Interface: N/A
- Power Supply: 6VDC 500mA adapter / 4 x AA batteries
- Display: LCD with 29mm-high digits
- Calibration: External calibration
- Housing: ABS plastic
- Operating Temperature: 10° to 40°C

MDW Physician Scales

MDW300L

MDW250L

MDW160M / MDW200M

FEATURES
- BMI (body mass index) function available on the MDW 300L
- The MDW 300L offers RS-232 interface for fast communication with printers and computers
- MDW 250L and 300L feature a hold function to retain the weight on the display
- Use the MDW 250L and 300L with the included AC adapter or rechargable battery
- Height measurements from 60cm to 212cm
- Anti-slip platform ensures safety stepping on and off the scale
- Integrated wheels permit easy movement (MDW300L only)
- Height rod facilitates measuring the height of children and adults while weighing
- Tare bar included with MDW200M only

Affordable, easy-to-operate scale measures height and weight

GENERAL SPECIFICATIONS
- Weighing units: kg, lb (L models only)
- Display: Graduated beam (M models only)
- Calibration: External calibration
- Operating Temperature: 5° to 40°C
- Power Supply: 15VDC 50/60Hz 500mA adapter / Internal rechargeable battery (L models only)
- Display: LED with 22mm-high digits (L models only)
- Interface: RS-232 (MDW300L only)

Model	Capacity	Readability	Pan Size
MDW 160M	160kg	0.1kg	375x275mm
MDW 200M	200kg	0.1kg	375x275mm
MDW 250L	250kg	0.1kg	375x275mm

MUW MEDICAL SCALES

FEATURES
- Vivid, backlit LCD easily visible in any lighting conditions
- Automatic height calculation using ultrasonic sensors for precision measurements
- Printout can include a patient and doctor ID, as well as BMI measurements
- Height reading can be switched from centimeters to inches
- Ultrasonic height measurements from 80cm-210cm
- Anti-slip platform ensures safety stepping on and off the scale
- Colour-coded keys facilitate quick recognition of the most frequently used buttons
- Integrated wheels permit easy movement
- RS-232 interface for connection to computers and printers
- BMI (body mass index) indicator
- External calibration allows for verification and adjustment with weights
- AC adapter included
- Rechargeable battery included for operation almost anywhere

Elegant ultrasonic scale effortlessly calculates height, weight and BMI

GENERAL SPECIFICATIONS
- Weighing units: kg, lb, lb:oz
- Interface: RS-232
- Power Supply: 12VDC 50/60Hz 800mA adapter / Internal rechargeable battery
- Display: Backlit LCD with 17mm-high digits
- Calibration: External calibration

OIML Weight Sets

The OIML weights are individual stainless steel masses that can be used to test to the OIML standard. E2 weights offer the highest accuracy ideal for Analytical balances, followed by F1 weights which are suitable for precision balances. M1 weights are ideal for compact and bench scales that require less accuracy. OIML weight sets are a complete set of test weight that can meet the requirements for testing to OIML standards. E2 weights offer the highest accuracy ideal for analytical, F1 weights are geared towards precision balances, M1 weights offer the lowest accuracy but are more affordable and are ideal for lower cost items such as compact balances and bench scales. Cast iron weights are available in OIML M1 class, they offer higher capacities to meet the needs to calibrate larger scales.

ACCESSORIES

AdamDU - Data Collection Software

Practical Functionality – Smart Features
- Monitor and collect data readings for up to 8 balances or scales simultaneously.
- Record custom data or notations along with readings using up to 6 user-defined fields.
- Log calibration reports to file for maintaining complete calibration records.
- Collect date and time with readings.
- Collect balance serial number with readings for unique identification. (Feature may not be available with all balances and scale).
- Configure AdamDU to remember individual session settings and file names.

Statistics and Graphing
- View statistics including Min, Max, Median, Mean, Variance, and Standard Deviation.
- Graph readings in real time. Print results and graphs from within the AdamDU application.
- Quickly search for a specific reading, min, or max readings

Easy Data Management
- Dynamically export readings in several file formats (text, CSV, HTML, XML) for importing to other systems or applications.
- Export captured readings automatically to Microsoft® Excel[1] or Microsoft® Word[1] for further analysis or reporting.
- Export captured readings to Windows® Clipboard for quick pasting in Windows® applications.

The Commander window lets you view data for up to 8 balances or scales on one screen for an overview of the active data sessions.

[1]You need a licensed copy of Microsoft® Word and Microsoft® Excel to use this facility

Microsoft Word, Microsoft Excell, Microsoft and Windows is a registered trademark of Microsoft Corporation in the United States and other countries.

Six user-defined fields are available for custom data entry with each reading. Custom data can be exported with the weighing data.

Real time graphing and statistics are easily viewable in the data grid. Balance control buttons let you request data or tare the balance right from the software.

Anti-Vibration Table

General Specifications	
Overall dimensions (wxdxh)	800mm x 600mm x 782mm
Work surface dimensions	400mm x 450mm
Weight of work surface	49kg
Total Weight	77kg

Features
- Scratch resistant marble slab
- Two table construction keeps the marble block in the middle and reduces interference
- Large working surface of 400mm x 450mm
- Working surface around the vibration slab for resting samples
- Adjustable levelling feet for uneven surfaces

Hard Carry Cases

CPW*plus*

CBK / CBC / AZextra

HCB & CQT

General Specifications			
Carry Case Model	CPWplus	CBK/CBC/AZextra	HCB & CQT
Overall dimensions (wxdxh)	480mm x 390mm x 150mm	472mm x 445mm x 190mm	483mm x 362mm x 152mm

Features
- Light weight and scratch resistant outside
- Foam padded interior for a snug fit
- Rugged construction keeps the scale safe
- Key lock latches for security
- Non-slip rubber feet

DDK Density Determination Kits *– for Eclipse and Nimbus 0.1mg and 1mg models only*

The density determination kit consists of apparatus which allows the user to weigh a sample in air and then weigh the sample in water or another liquid with a known density. The Adam DDK Kit allows for densities to be determined for solid and liquid samples.

The software in the balance takes the operator through the process and finally displays the resultant density on the LCD in g/cm³, compensating for temperature and for the use of alternative liquids when calculating the density of solids or liquids.

The Kits Consist Of:
- Glass beaker
- Suspended weighing cradle to replace the standard pan
- Independent support for the beaker
- Thermometer with clip
- Glass sinker of known volume for the determination of liquid density

ATP Thermal Printer

Technical Specifications

Model	ATP Thermal Printer
Power Supply	External power adapter 110/220 VAC - 8.5 VDC OUT
Baud Rates	Selectable from 2400 to 115200
Data Bits	8
Parity	None
Operating Temperature	0°C to + 45°C
Housing	ABS plastic housing
Overall Dimensions (WxDxH)	4.5" x 7.2" x 3.5" / 114mm x 184mm x 90mm
Net Weight	1.7lb / 0.76kg with paper roll installed

Features
- Interface capabilities: serial port
- Support for up to 26 international character sets
- Print size 24 x 24 dot
- Column size 384 dots per line
- Print speed 50mm / sec
- 57.5mm paper width
- Selectable baud rates
- LED indicators to show power,error and when out of paper

Accessories
No. 3126011263 Thermal paper
No. 3126011281 Thermal paper (10pk)
